

25 October 2010

Dr Mark O'Donohue  
Chief Executive Officer  
Australian Water Quality Recycling Centre of Excellence  
Level 2, 95 North Quay  
BRISBANE, QLD, 4000

Dear Mark,

With this letter we would like to express our support for the initiative under Goal 3 of the Australian Water Quality Recycling Centre of Excellence's Strategic Research Plan:

**Goal 3: Reclaimed water is seen as an acceptable 'alternative water' for augmenting drinking water supplies**

Veolia Water is a world leader in water and wastewater services and specializes in the management of these services on behalf of public authorities and industry. Across Australia and New Zealand, Veolia Water has 23 long-term operation contracts, including the Western Corridor Recycled Water project in South East Queensland, the Glenelg to Adelaide Parkland water recycling scheme in South Australia and the Gerringong-Gerroa advanced water treatment plant in New South Wales. Veolia Water is committed to research and development, both at a global level through our parent company Veolia Environnement and locally through collaboration with our clients and a range of research institutions and universities.

In Australia, Veolia Water operates water recycling schemes based on the following technologies:

- Coagulation/clarification
- Micro- or ultra-filtration
- Reverse osmosis
- UV and UV/H<sub>2</sub>O<sub>2</sub> disinfection and oxidation
- Ozone and biological activated carbon filtration.

Veolia Water supports the objectives of the proposed project to support the enhanced use of recycled water in our community. We are prepared to provide broad support and in-kind assistance, in consultation with our clients and as appropriate for the project.

Should you require further information on the above please contact the undersigned or Mr. Yvan Poussade directly at +61-(0)447 271 914 or email-  
[yvan.poussade@veoliawater.com.au](mailto:yvan.poussade@veoliawater.com.au).

Yours faithfully,

A handwritten signature in blue ink, appearing to read 'K. Vinot', located below the 'Yours faithfully,' text.

Kate Vinot  
Technical Director, Veolia Water Australia
